CDS-830 Series**

Personalized Marketing

Relationship marketing allows you to target promotions & campaigns to the individual, based on their status level with your organization.

Direct Deposit

Real time direct deposit for account holders through our integration to your core processing system.

Cross Selling

While clients are counting coins, promote your products and services to a "captive audience".

State of the Art

With a 15" touch screen and on-board computer, the CDS-830 allows for other common financial solutions such as Online Banking, Bill Pay, Client Service Kiosk and other applications.
